“ I offer my sincere condolences to the family.
In life's journey, I had the good fortune of having crossed paths with Art during the time that I was employed with the General Electric Business Department in Gainesville, Florida. What I recall most about Art was his thoughtful and patient focus on activities that were often chaotic. I remember him as a kind and gentle individual who set an example that serve me well during subsequent years. I am sure that he influenced others in the same way.
Pace e bene!
