Should I leave you for a moment,
Then you should never think,
That our bond is now less perfect,
Or our union less distinct.
When I travel you are with me.
In the secret of my heart.
For you are yet a part of me.
Even though we are apart.
Should I leave you for a moment
And death should intervene.
Don't forget that I'll be waiting
When you cross o'er Jordan's stream.
