“Sammy, your parents were so special to my mom and I . I especially enjoyed my visit with your mother at the rehab center this summer.

I will never forget your dad coming by and taking me, along with Wayne and you, to the Gator basketball games in Alligator Alley., and us running around your house with your dad's gas mask on.

I know, that you know, your mother was a very gracious and special saint. I believe she is dancing there before the throne, along with your dad, your brother, and my mom. God bless, and may he always be with your and yours.

“We will miss you very much, I have known you since Wayne and I were in 5th grade (Kirby Smith Elem)

You help me when I lost my parents and then when ever I got sick you were like a MOM to me and Pops and the boys Wayne & Sammy, were family.

I am not sure we will be able to come to the Funeral with Rodgers having Alzheimer's I can not plan much anymore.

Lots of LOVE and I know God will be with all of you.

“ We will miss you so very much.

You know Rodgers has been sick with Alzheimer's and that is the reason for not making it over to the house lately.

You were still in our hearts and LOVED you so much, you helped Maureen and I when we were sick after we had lost our parents so you were like our extended parents in many ways, you were there for Rodgers and my first date and that was over 47 years ago and then for our wedding.

*May Good be with you

“ We want to say how much you will be missed, I have known you and Pops, Wayne and Sammy since forever.

You know that Rodgers has been sick and I am afraid we might not make it to the Funeral, with him having Alzheimer's it is hard to plan things anymore. Our LOVE and thoughts are with you all and know God is with you.
