“ Joey,
You gave me more hope than anything, you gave me inspiration for music, art, school and everything. You told me I was worth it when i got pushed down, you gave me a reason to keep fighting and you gave me pieces of your strength to prepare me for this. I needed a father figure and you stood up to the plate when you didn't need to. You adopted me as one of your own even though I was your sisters. You calmed me during my breakdowns, you were there the first time I got sent to Vista. You are my second father figure, You are my uncle, You helped me mold my moral system, you helped me become the person I am today, and I couldn't thank you enough for it.
I love you uncle.
I love you Dad.
I love you Joey.

“ Joey,
You've always been a close family friend as far back as I can remember. I still remember the first time I ever went camping and I was with you, Mikey was a little baby and Blake was trying to hook up with some girl in the trailer. There was so much that happened and I still laugh about it all. You and Blake need to hold on to each other, I will miss you and will hold on to the beautiful memories we've had.

“ I know it's been way to long since I've been back to see you guys but just know that you will always have a place in my heart. You and Jessie were my forever couple! You guys had you're ups and downs but no matter what your heart's always found there way back to each other. You are way to young to be gone and I know Jesi had big plans for you for your old age, I'm so sorry you are going to miss those plans and those two beautiful boys growing up. Rest in peace and always watch out for them. And you are already greatly missed.
