“ George and I have so many wonderful memories of our Dear Friend Judy!

She was our best friend. She exemplified everything that a friend, and

person should be! In all the years we knew her never did we hear an unkind word coming from her. Her focus in life was her family She loved relating the hunting stories from " Her Boys"! The Girls, Dakota and Amanda, how she enjoyed the time with Dakota.

Amanda, as she always said , " Could do anything"! She loved the flower gardens and would send us pictures! She was so proud of her family.

The three of us went to NC to the Mts. for years! We have soo many wonderful memories! She loved the outdoors and nature! She loved living by Shannon's and sat outside daily and enjoyed all the birds and animals.

Judy, you are so missed! Our Prayers and thoughts to the family.

“ Judy was a kind, caring, dedicated, and capable teacher. I had the privilege of teaching with her and having her teach my children. She showed a sincere interest in her students and brought out the best in them. Our thoughts and prayers are with her family.

“ Judy was a very caring and giving woman who never met a student she didn't love and want to help. As a new teacher she was giving of her time, her materials and her knowledge. I loved her sense of humor and her ability to keep up with everything going on around her. I hope she is reveling with her former students and family in heaven today. Love and best wishes to her family!

“ The world is a sadder place without Judy Thacker. Judy was one of the best teachers I ever had the privilege to work with. This was only surpassed by being a great person. Judy could do anything she set her mind to. If I was on the side of the road after an accident and needed surgery and my choices were Judy or a brand new doctor I would choose Judy in a heartbeat. She was always prepared. If you needed a splinter removed or a cold compress, or something to eat Judy would have it in her purse. At my house my son Chris had one choice for breakfast cereal. At Judy's they were alphabetized starting with applejacks to wheaties and everything in between. If there was a natural disaster, my plan was to head to Judy's house because she was always prepared. She loved her son and grandchildren more than life itself. Whenever I was short packing my son's lunch for school I would always tell him sit near Shannon cause he always brought plenty. Judy left a legacy of students who will never forget her. God Bless Judy and her family.
