“ Linda, thank you for the call about Marie. Both Marie and Herb were such wonderful people and are a big part of our family memories and stories. We all cherish our times in Gainesville and the opportunity to know them and you and Larry and the boys. Our lives have taken different paths, but that does not prevent our thoughts of all of you. Keep in touch and take care. Marie & Herb are in our prayers always.

“ While I know that Mrs. Kubach lived a full life as "a lady of leisure", and has certainly gone on to the paradise she SO richly deserved, I will miss her until I meet her again. Never knew anybody like her; she was a rare person in so many ways and I loved her with all my heart. Let her R.I.P. ❤️
