“Hi my name is Dave Parrish. I was at Doug's viewing today and introduced myself to Ben. I regret not meeting the rest of the family. Doug and I started working at Driltech about the same time. I knew his father Norman too. He is missed also. Doug and I became good friends. We played golf, bowled on a league together for a few years and had good times! Knowing and working together with folks that long makes them feel like family. I consider Doug a brother from another mother. I will miss him as I know y'all already do. He is loved by many. I offer my sincere condolences to all of the family in this difficult time. Much love and prayers!
